Questions to ask when your customer when upgrading their wireless infrastructure
- Do you have a UPS? If so, how old is the UPS?
- When was the last time you replaced the battery in your UPS?

Recommendations
- Always purchase a protection plan with your new UPS
- Replace your batteries within 3-5 years of your UPS purchase
- Consider replacing your UPS if it is 5+ years old – especially if you don't yet have an efficient UPS with green technology and other advanced features!
