

Education Five Year Factory Warranty

Register your education clients' Connected Smart-UPS™ with APC™ SmartConnect to automatically receive the five year factory warranty

APC SmartConnect Benefits

- Revenue opportunity through proactive battery replacement alerts
- Free cloud-enabling monitoring feature
- Accessible from any internet connected device, on site or mobile
- Proactive actionable alerts and lifecycle recommendations to provide expert advice to your customers

1 Install UPS

Install client SmartConnect-compatible UPS at client site. Connect to client network using a dedicated ethernet port.

2 Scan the QR code

Scan the QR code printed on the Smart-UPS then automatically register the device with the SmartConnect Web Portal.

3 Register the UPS

Register the client UPS and set up renewal support to ensure you are notified when your client needs a new battery or UPS.

Don't Wait, Connect Now!
