| Accessories included       | N/A   | Hard carrying case (W410, W420, W440, W445)   | Soft carrying case, 3.5 mm audio cable   | Soft carrying case, desktop charging stand   | Portable charging case with integrated docking stand (B5200); Portable charging case (B3200)  |
| MSRP (USD)                 | \$415.95 (W710, W730, W740)<br>\$437.95 (W720); \$465.95 (W745)   | \$304.95 (W410, W430, W440)<br>\$324.95 (W420); \$354.95 (W445)   | \$379.95   | \$299.95   | \$219.95 (B5200, B3200)   |

1. Add desk phone connectivity when used with MDA220 USB (see page 2).

2. Features adaptive power which optimizes for range and talk time to save battery life and maximize density.

3. Performance dependent on battery and may vary by device.

4. Unlimited talk time with deluxe charging cradle kit, comes standard with Savi 745/445. Available as an accessory with Savi 740/440.

5. Answer/ignore voice commands are currently for smartphone only.

**MDA220 USB**

The MDA220 USB allows a corded or wireless USB headset<sup>2</sup> to connect to and switch between calls from both PC and desk phone.

MSRP \$149.95

1. Add desk phone connectivity when used with MDA220 USB.
2. For a list of Plantronics headsets that are compatible with MDA220 USB, visit [plantronics.com/configurator](http://plantronics.com/configurator).

**Technology Legend**

**A2DP**

A Bluetooth profile that allows high quality audio content to be streamed from one device to another. Listen to streaming media, music and navigation through your headset.

**Active Noise Canceling (ANC)**

Technology that reverses surrounding sound waves to cancel low frequency noise in order to isolate and minimize ambient noise the user can hear.

**Adaptive Power**

Automatically downshifts to low power when the wireless headset is close to the base to save battery life and maximize density.

**Dynamic EQ**

Optimizes voice quality on calls and automatically adjusts EQ settings when listening to music or for multi-media playback.

**Hi-fi Stereo**

Full-range dual channel audio playback capable of frequencies from 20 to over 20,000Hz.

**Immersive Audio**

Specially designed ear cushions and headband reduce background noise and allow you to focus.

**Smart Sensor Technology**

Built-in sensors deliver automatic functionality like answering a call by placing the headset on and automatically transferring calls between smartphone and headset.

**SoundGuard**

Acoustic limiting for protection against sounds above 118 dBA per Telecom Industry Standards.

**SoundGuard DIGITAL**

All the benefits of SoundGuard, plus anti-startle protection which detects sudden increase in sound and eliminates the increase, and Time Weighted Average (TWA) control which prevents average daily sound exposure from exceeding 85 dBA.

**Wideband**

Frequency range up to 6,800 Hz. Meets TIA-920 standard for genuine wideband response.
