Why Legrand, Powered by Integra Transceivers?

- All optics are coded and tested in our facility in Albany, NY. We use Tier 1 quality products, the same as the OEM
- Only manufacturer in the US to use robotics. Results in a .001% failure rate
- All optics are TAA complaint
- Most orders fulfilled same day
- Average of 70-90% savings from the OEM
- Patented diagnostic and recoding device allows you to test anyone's optics, and recode Legrand's
- All optics have a lifetime warranty
- We specialize in custom features
